Summary of Identified Issues & Recommendations

MAJOR [Deck] Document Language Not Set - Presentation Properties

The presentation does not have a default document language specified.

Fix: Set the document language in File -> Info -> Properties or ensure slide text language formatting is defined.

CRITICAL [Slide 2] Substantial Content Lost - Slide Text

Significant text content was removed (28 words removed out of 40 original words, 70% lost).

Fix: Review removed words in the diff viewer and restore essential information.

MINOR [Slide 2] Duplicate Slide Title - Slide Title

Slide 2 shares the identical title 'Operational Highlights' with slide(s) 3.

Fix: Make each slide title unique (e.g. append '(Continued)', '(Part 2)', or differentiate the topic).

MAJOR [Slide 2] Small Font Size - Content Placeholder 2

Shape 'Content Placeholder 2' contains text rendered at 8.0pt, which is below the recommended 12pt threshold f...

Fix: Increase the font size to at least 12pt (and 14pt+ for body paragraphs) to ensure readability.

MINOR [Slide 2] Minor Visual Layout Drift - Visual Appearance

Noticeable visual shift detected (SSIM similarity: 86.1%).

Fix: Inspect diff overlay for text wrapping shifts or shape re-alignments.

CRITICAL [Slide 3] Substantial Content Lost - Slide Text

Significant text content was removed (2 words removed out of 2 original words, 100% lost).

Fix: Review removed words in the diff viewer and restore essential information.

CRITICAL [Slide 3] Missing Image - Images

1 image(s) from original slide are missing in the remediated slide (Orig: 2, Rem: 1).

Fix: Restore the missing image(s) and provide descriptive alternative text.

MINOR [Slide 3] Duplicate Slide Title - Slide Title

Slide 3 shares the identical title 'Operational Highlights' with slide(s) 2.

Fix: Make each slide title unique (e.g. append '(Continued)', '(Part 2)', or differentiate the topic).

MAJOR [Slide 3] Filename as Alt Text - Picture 2

Image has a raw filename as alternative text: 'chart_sample.png'.

Fix: Replace the file name with a human-readable description of what the visual depicts.

MAJOR [Slide 4] Table Header Row Not Set - Table 2

Table 'Table 2' does not have the 'Header Row' option enabled.

Fix: Select the table, open the 'Table Design' ribbon in PowerPoint, and check 'Header Row'.

MINOR [Slide 4] Empty Table Header Cells - Table 2

Table header row contains empty cell(s) at column(s): [1].

Fix: Add descriptive header labels to every column in the table's first row.

CRITICAL [Slide 5] Substantial Content Lost - Slide Text

Significant text content was removed (11 words removed out of 11 original words, 100% lost).

Fix: Review removed words in the diff viewer and restore essential information.

CRITICAL

[Slide 6] Substantial Content Lost - Slide Text

Significant text content was removed (7 words removed out of 11 original words, 64% lost).

Fix: Review removed words in the diff viewer and restore essential information.

MAJOR

[Slide 6] Speaker Notes Deleted - Speaker Notes

Original slide had speaker notes, but they were completely removed in the remediated slide.

Fix: Restore the original speaker notes unless instructed to remove them.

MAJOR

[Slide 6] Insufficient Color Contrast - Rectangle 3

Text in shape 'Rectangle 3' has contrast ratio 1.37:1 (Text: #DCDCDC, Background: #FFFFFF), below WCAG AA requ...

Fix: Adjust text color #DCDCDC or background #FFFFFF to attain at least 4.5:1 contrast ratio.

MAJOR

[Slide 6] Non-Descriptive Hyperlink Text - Content Placeholder 2

Hyperlink text 'Click here' is vague. Screen reader users need self-describing link destinations.

Fix: Change link text 'Click here' to describe the target destination (e.g., 'View the Annual Report').

MINOR

[Slide 6] Empty Text Box - TextBox 4

Shape 'TextBox 4' contains an empty or whitespace-only text frame.

Fix: Delete unused empty text boxes to reduce clutter for screen reader navigation.
